

Q3 wins three-year cleaning deal with Specsavers UK

Services Group Ltd

- **New three-year contract across two buildings**
- **Providing daily office cleaning to over 500 building users**

Q3, the newly launched boutique FM company, has today announced that they have been awarded a three-year cleaning contract following a competitive tender process with one of the UK's most recognised retail brands.

Specsavers is the UK's largest providers of optical and audiology care across the British Isles and currently employees more than 24,000 people in the UK.

Q3 have worked with Specsavers to come up with a solution that fits their ever-growing business requirements. Their workforce is growing daily and they wanted to partner a service provider that can flex with their strategic plans.

Specsavers have moved away from the traditional out of hours cleaning to a more visible day time solution.

Stuart Bellew, Managing Director Q3 said:

It is an absolute pleasure to work with such a wonderful team at Specsavers, their vision and values are truly aligned to Q3's. This is the start of a special relationship and one we can add real value to going forward.

Specsavers said:

We chose Q3 because they put together a competitive tender focussed on technical innovation and customer service. We look forward to working with their team.
